

SETback

Latina was laid off of work in late 2008. Unable to pay her rent or utilities, she and her two children became homeless, living in a shelter.

SETgoal

Guided by SET, she was able to acquire housing. She earned her GED and obtained a medical assistant certificate, which led to employment as a family caregiver. She developed money management skills and is debt-free.

SETforth

Confident and resilient, Latina has high expectations for herself and her children. She is currently in employee training for a company that educates families on financial concepts to reduce debt. Modeling her behavior, her children are successful in school.

SETback

Aaron lives in an environment surrounded by poverty and violence. School delinquency in Milwaukee Public Schools is high, with a 40% suspension rate.

SETgoal

Educated by SET in his classroom, he developed skills in communication, problem solving, emotional regulation and impulse control. He built a toolkit for positive interactions and relationships, as well as academic success.

SETforth

A high school student with a 4.0 GPA, Aaron is ambitious and respectful. He is grounded and prepared for the challenges of young adulthood.

SETback

Pete lost his residence after his longtime companion became seriously ill. He suddenly found himself homeless and living under a bridge.

SETgoal

Referred by a homeless shelter, he was introduced to SET and guided through the process of finding a place he could call home. Determined to improve his deteriorating health, he sought needed medical care. He learned the basic life skills of meal preparation, budgeting money and setting limits in a relationship.

SETforth

Pete is living independently with restored dignity, making his own decisions and aging in his own home.
