SET RECEIVES AWARD FROM HUD

Milwaukee, WI

June 10, 2009 - SET Ministry will provide Service Coordination Services to Public housing residents at Convent Hill, Lapham Park and Riverview for a 36-month period thanks to a \$540,651 contract awarded by The Department of Housing and Urban Development (HUD).

Service Coordinators facilitate supportive services and other activities designed to help public housing residents attain self-sufficiency. These services should enable adult residents to benefit from improved living conditions and elderly residents to age-in-place.

SET Ministry is proud to continue its long-standing collaboration with HUD, The Housing Authority of the City of Milwaukee and the Milwaukee County Department on Aging.

HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. To fulfill this mission, HUD will embrace high standards of ethics, management and accountability and forge new partnerships-- particularly with faith-based and community organizations--that leverage resources and improve HUD's ability to be effective on the community level.

SET is a community-based health and human services agency that helps families who are living in systemic poverty to achieve goals that promote self-sufficiency and foster personal transformation. SET's use of a collaborative approach to link people with needed resources provides for breaking the cycle of poverty, one family at a time.
